

What is Storefront?

The Storefront is a separate alternate school which provides support to students who have been unsuccessful in a traditional school setting. We believe that all students can be successful and set up our supports around individual student needs. We focus on more than just academics through a collaborative approach, working closely with various counselling organizations from the community.

We believe that all students can thrive and we strive to create the conditions each student needs to succeed.

We can help!

The Storefront School has a team based approach. Our connections with community supports gives our school a unique edge to help students with more than academics. We offer many options that students may benefit from such as:

- Social Workers
- Addictions Counsellors
- Mental Health Counsellors
- RCMP liaison
- Healthy Food Program
- Interior Health
- Flexible schedules
- Aspiral Youth
- Field trips

Storefront School can also provide supports for career programs, college applications, resume building, work experience and trades

How Can I Find Out More?

Students and their families can find out more about the Storefront School by calling the school and making an appointment or by dropping in at the school to see how it works. The staff at Storefront would be happy to show you around and introduce you to our program.

The Storefront school has two teachers, two Family Support Workers and a clerical staff. We are available from Monday to Thursday, 9am - 3pm. The school is located in the Downtown Activity Center (DAC) on Shuswap Street in Salmon Arm. Referrals can be made by the school district or the student themselves.

What Else Do We Do?

The Storefront School has a number of activities that make our school fun and engaging for students and staff alike. These are some of the exciting opportunities we have offered:

- Wood carving with John Sayers
- skiing at Silver Star
- campus visit at TRU
- bowling
- hiking
- Crazy Creek Hotsprings
- Pottery
- Volunteer opportunities (job skills)
- Cross Country Skiing
- Snowshoeing
